

Waterfront Management Services

Provided by the Lowell YMCA

It can be difficult to recruit, manage and train quality lifeguard staff. As a result pools go unguarded and run the risk of a drowning. We are here to help. The YMCA can manage your aquatic facility. The CDC estimate indicates that today US lifeguards rescue more than an estimated 100,000 persons from drowning annually.

As the management group for your aquatic facility:

- We will find you qualified certified staff**
- Be responsible for payroll and scheduling**
- Run in-service training for staff; that is considered among the most rigorous in the country.**
- Ensure the waterfront is up to local and state codes and insurance regulations.**

You will have the peace and satisfaction knowing that your pool is safe, staffed and taken care of. With the YMCA you will the expertise or professional aquatics staff to ensure your facility is safe and mandatory policies are in place.

If you are interested in getting a free cost assessment for your aquatics site contact Catherine Davis, YMCA Aquatics Director at 978-454-7825 x25 or via email at CDavis@lowellymca.org.
